

Getting Started with Simmons First DirectLine with Quickbooks® 2007 and above

Refer to this Direct Connect guide for instructions on using QuickBooks's online account features to save time, improve accuracy, and keep your records up to date. Specifically, we will show you how to download transactions with your accounts in the QuickBooks 2008.

This guide includes the following sections:

- **Information You'll Need to Get Started, page 1**—Explains the information you will need to have before downloading transactions with QuickBooks.
- **Set Up Online Account Access, page 1**—Explains how to set up transaction download for your QuickBooks account.
- **Keeping Your QuickBooks Accounts Up-to-Date, page 5**—Describes how to download transactions on an ongoing basis.
- **Sending Online Payments, page 6**—Describes how to make online payments.

Information You'll Need to Get Started

Before you enable your QuickBooks accounts to download transactions, you will need to contact your financial institution for the following information:

- Simmons First Bank Anywhere ID
- Simmons First Bank Anywhere Password
- Routing Number: Financial institutions are identified by a unique nine-digit number called the routing number. It is used to send checks and electronic transactions to the right place for processing. Please contact your financial institution for this information.

Note: There is no online transaction download capability in QuickBooks Simple Start.

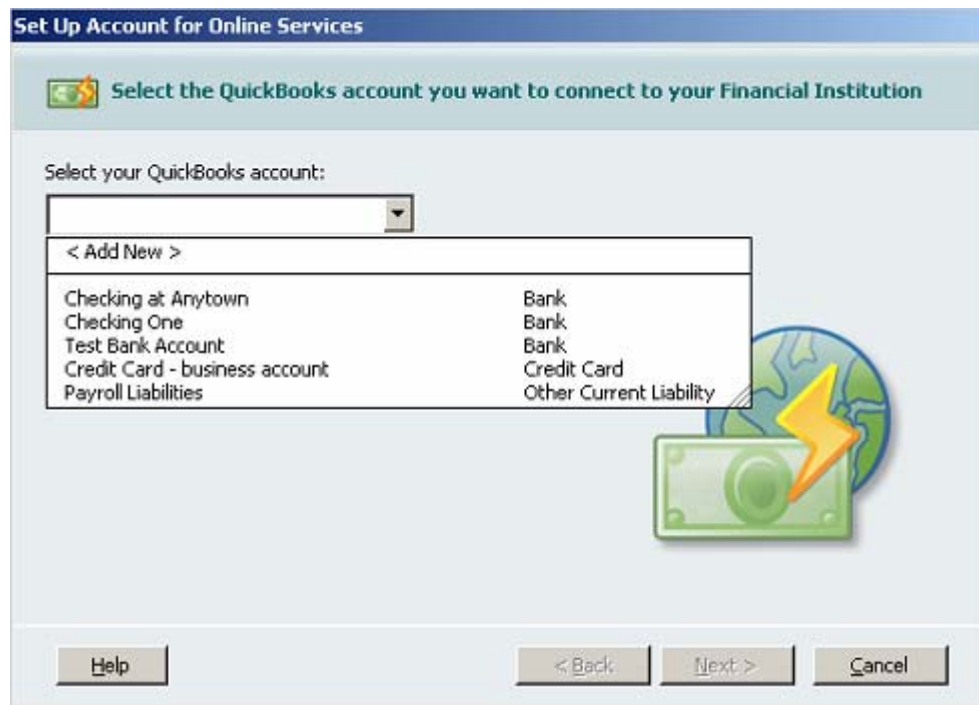

Set Up Online Account Access

The following steps explain how to enable an existing or new QuickBooks account for transaction download.

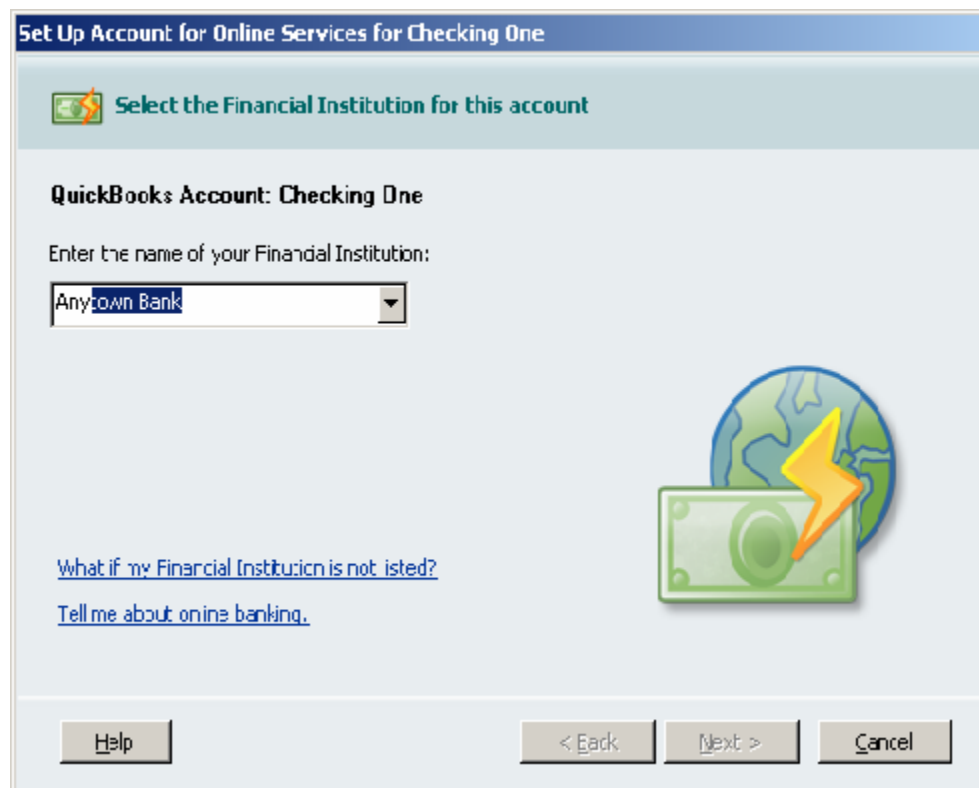

Step 1 From the menu, choose **Banking > Online Banking > Setup Account for Online Access**.

You may see a message to close all windows. Click **Yes**.

Step 2 The Set Up Account for Online Services window appears. Click **on the drop down arrow and choose an existing account to add Online Services or choose <Add New>**. Select the appropriate account type (**Bank Account** or **Credit Card**) that you are setting up for online access and enter account details - at a minimum enter a name for the bank account and click on **Save&Close**.

Step 3 Enter the name of your financial institution and click **Next**.

Step 4 Enter your account information to sign in.

Need a Customer ID and Password?

- Your QuickBooks login is different from the login to your Anytown Bank Web site.
- [Anytown Bank Support](#)
- 800-123-4567 to sign up

No fee for statement download

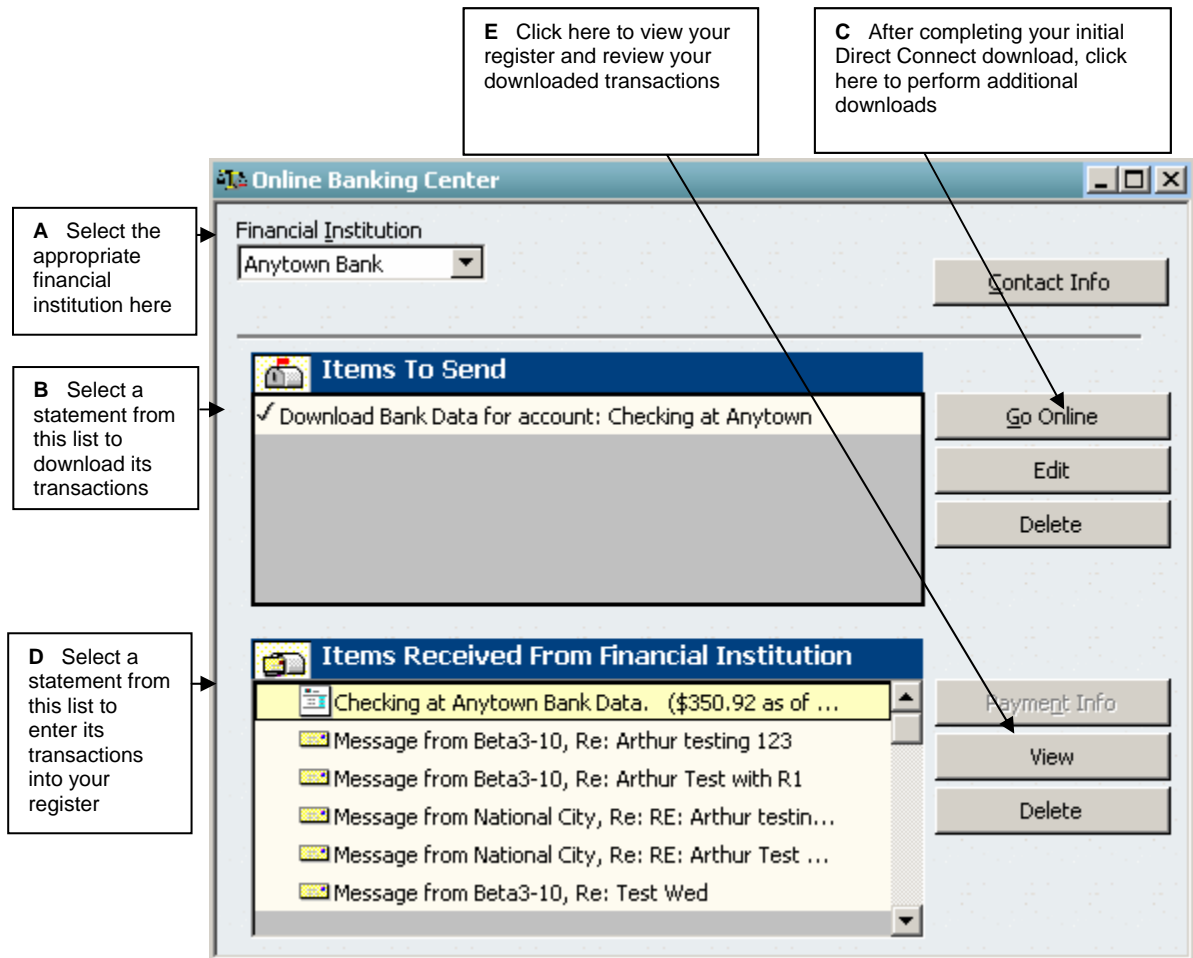

Step 5 Follow the remaining on-screen instructions to complete the Online Banking Setup process for transaction download and/or online payment.

- Step 6** When the first download completes successfully your account setup is complete.
- If your financial institution supports it, check the “Activate Online Bill Payments” if you would like to enable online bill payment with your account.
- Click **Finish**. This will launch the Online Banking Center.
- See the next section to learn how to download transactions from your bank.

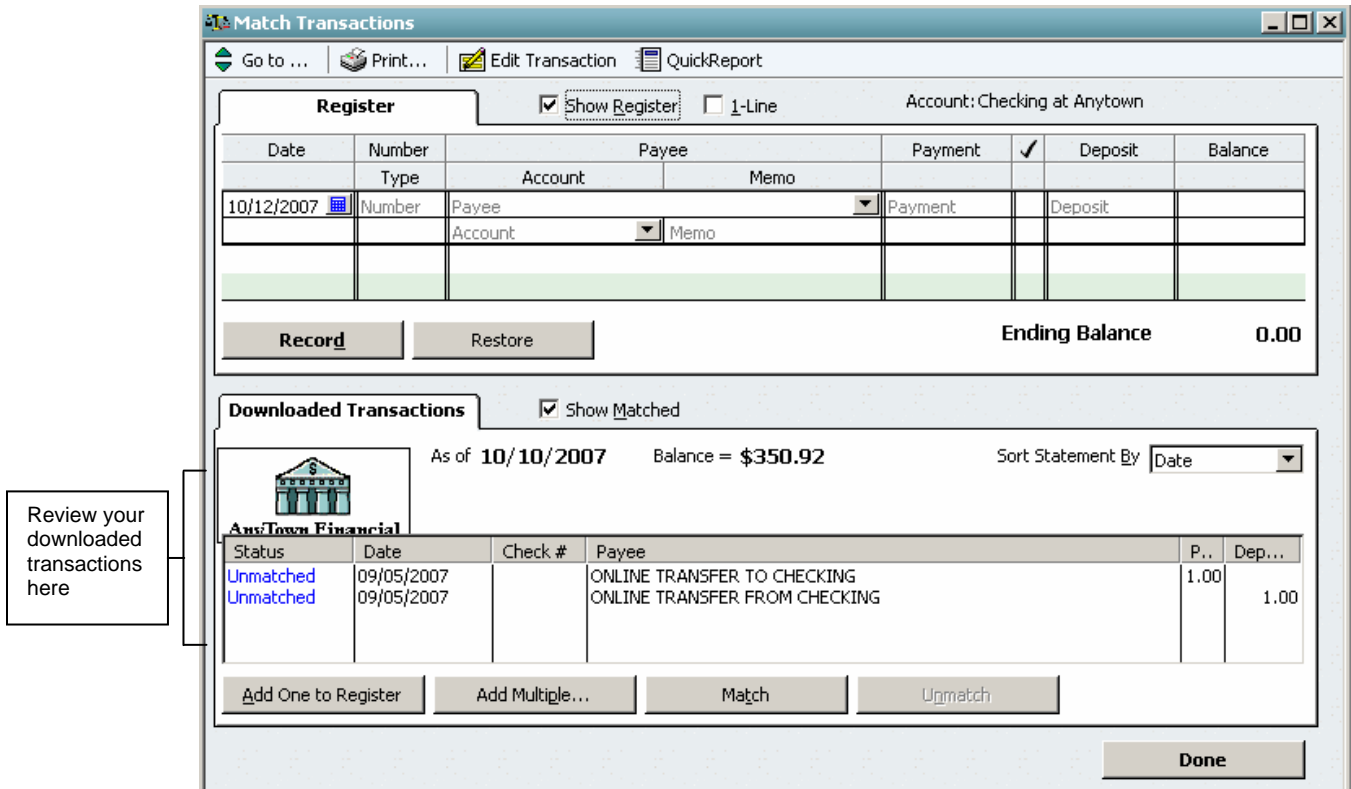

Keeping Your QuickBooks Accounts Up-to-Date

In the **Online Banking Center**, you can download transactions, check online balances, send online payments, and view transactions in your register.

- Step 1** From the QuickBooks **Banking** menu, choose **Online Banking > Online Banking Center**.
- Step 2** In the **Online Banking Center**, select a financial institution from the **Financial Institution** list box. (See **A** in the figure above.)
- Step 3** In the **Items to Send** area, click the desired statement and then click **Go Online**. (See **B & C** in the figure above.)
- Step 4** Enter your password and follow the on-screen instructions to complete your download.
- Step 5** In the **Items Received From Financial Institution** area, click the desired statement and then click **View** (See **D & E** above). The Downloaded Transactions window appears below the account register. (See figure next page)

- Step 6** From the list in the **Downloaded Transactions** window, choose a transaction to add to the register and then click **Add One to Register**. Use the **Add Multiple...** button to add all transactions that have a recognized payee and associated account.
- Step 7** Follow the on-screen prompts to perform the desired activities. You will have the opportunity to create an alias for an unrecognized payee. Aliased payees are automatically renamed at each download.
- Step 8** When the transaction appears in the register, choose an account for the transaction from the Account drop-down list and then click **Record**.
